

**The new standard in
functional food shield adjustability.**

**Is it possible to be
all things to all people?**

**We think so. CHOICE...
The Adjustable Food Shield.**

THE CHOICE FOR THE MOST EASILY ADJUSTABLE FOOD SHIELD.

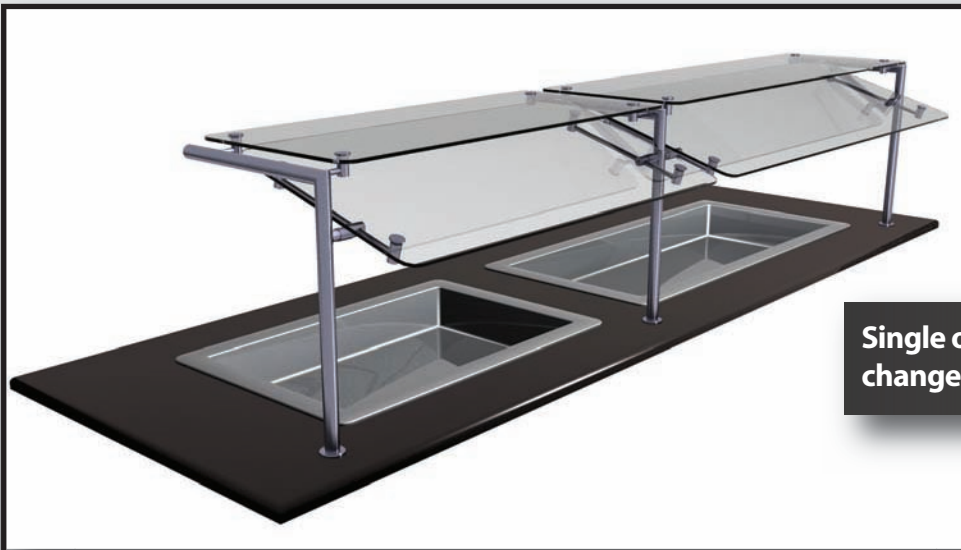

No other food shield gives the operator more options.

Resulting in the most options for customer access and compliance with even the most stringent local codes.

**Full Serve
To
Self Serve...**

Single operator can quickly and easily change service on multiple spans.

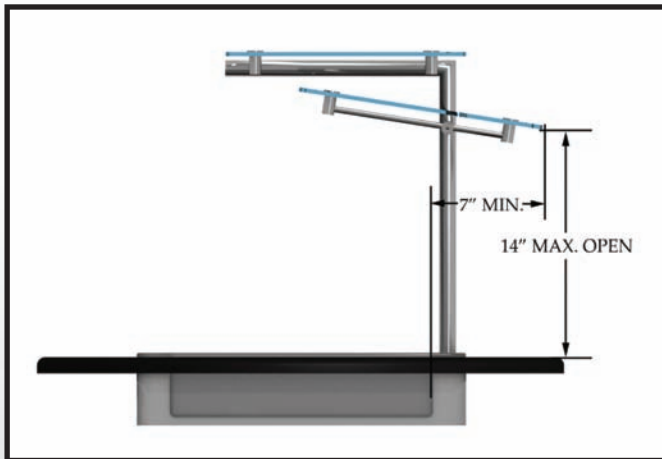

CHOICE ... Choose your food service in seconds!

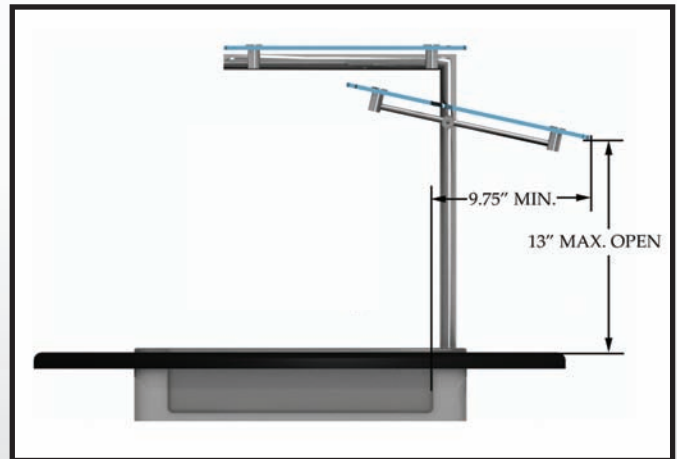

CHOICE ... Widest range of compliance of any adjustable food shield.

Revolutionary bracket enables 360° glass rotation and horizontal / vertical adjustability for maximum compliance and unparalleled customer access.

Compliant to NSF/ANSI 2-2002e

- ▶ The maximum vertical distance between a counter top and the bottom leading edge of a food shield shall be 14".
- ▶ 7" Minimum leading edge of glass to leading edge of displayed food.

Compliant to NSF/ANSI 2 - 2008

- ▶ The maximum vertical distance between a counter top and the bottom leading edge of a food shield shall be 13".
- ▶ The minimum horizontal distance between the front inside edge of displayed food and the bottom leading edge of a food shield shall be $\frac{3}{4}$ of the maximum vertical distance. $13" \times \frac{3}{4} = 9.75"$

Compliance on the go. Local codes vary. CHOICE provides adjustable compliance no matter the code requirement. All performed by single operator!

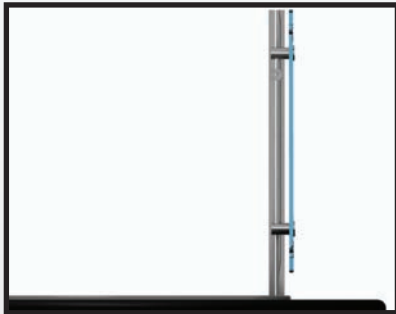

We run our business effectively so you can run yours.

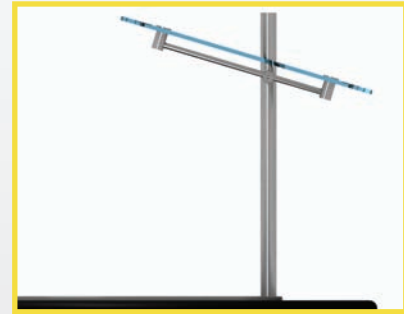

Best Delivery System in the Industry Guarantees:
