

Conventional Construction vs The Channeltube™ Advantage

The unified construction, superior design, function & service flexibility of Premier's food guards enhance food presentation, customer access, protection and clean-ability.

Materials used in food guard design affect fabrication costs, appeal, options, food protection and compliance with health codes.

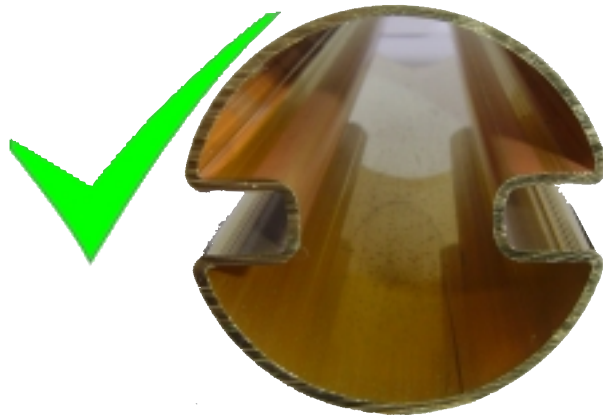

Channeltube™ is the answer!

No Gaps, No Clips, No Cracks, No Pieces, No Sags, No Mess!

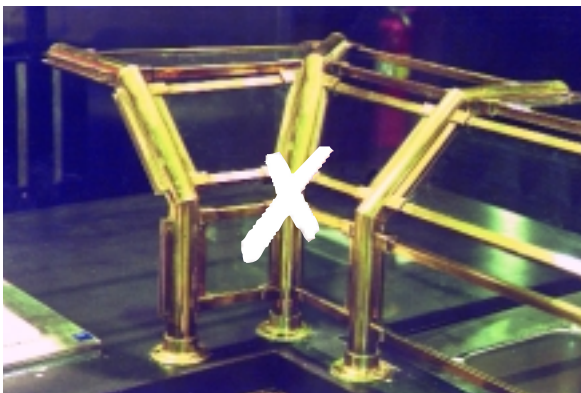

Compare Channeltube™ to clumsy round tube with applied channel.

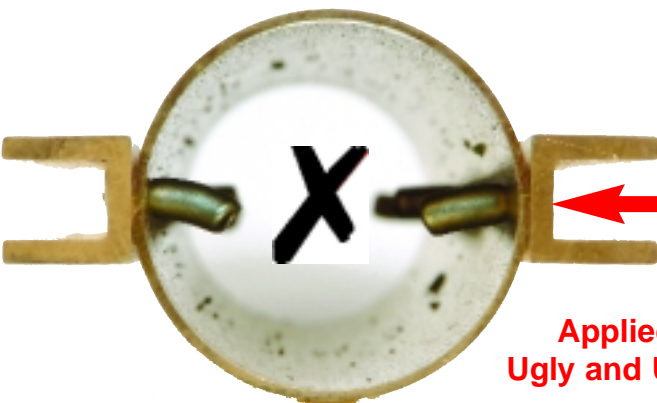

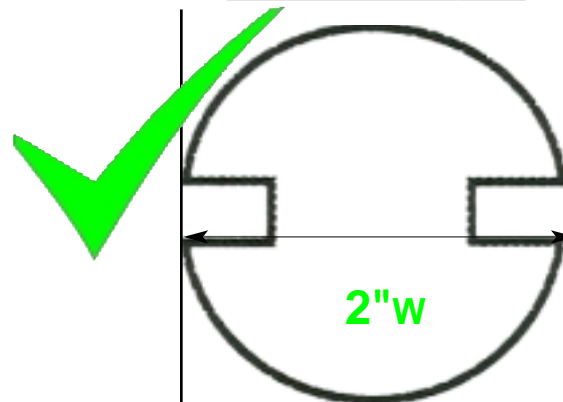

Channeltube™ Simplicity
Why Accept Less?

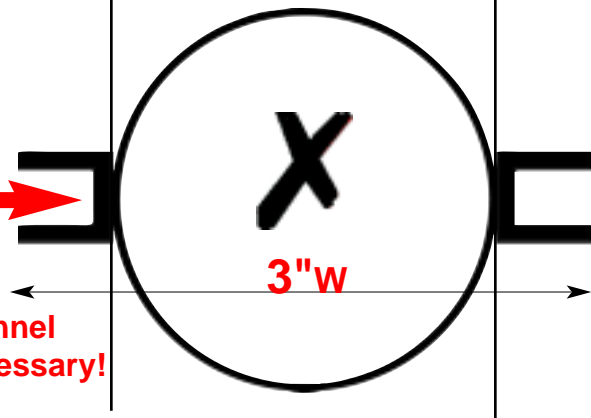

Actual Sizes

Out-dated Construction
of clumsy round tube with applied channel
The Results? Gaps, Food Traps, Unsound
Structure, and Difficult to Clean.

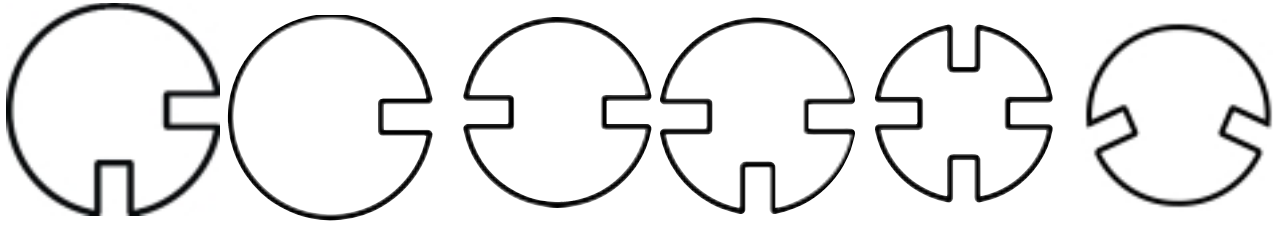

Applied Channel
Ugly and Unnecessary!
