

# Conventional Construction vs The Paneltube™ Advantage

The unified construction, superior design, function & service flexibility of Premier's food guards enhance food presentation, customer access, protection and clean-ability.

Materials used in food guard design affect fabrication costs, appeal, options, food protection and compliance with health codes.

**Paneltube™ is the answer!**

**No Gaps, No Clips, No Cracks, No Pieces, No Sags, No Mess!**

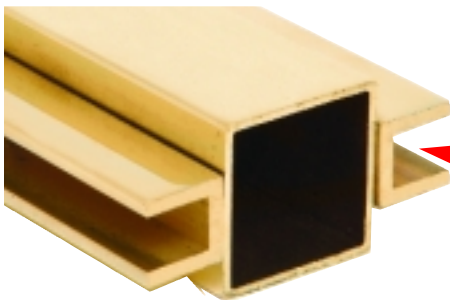

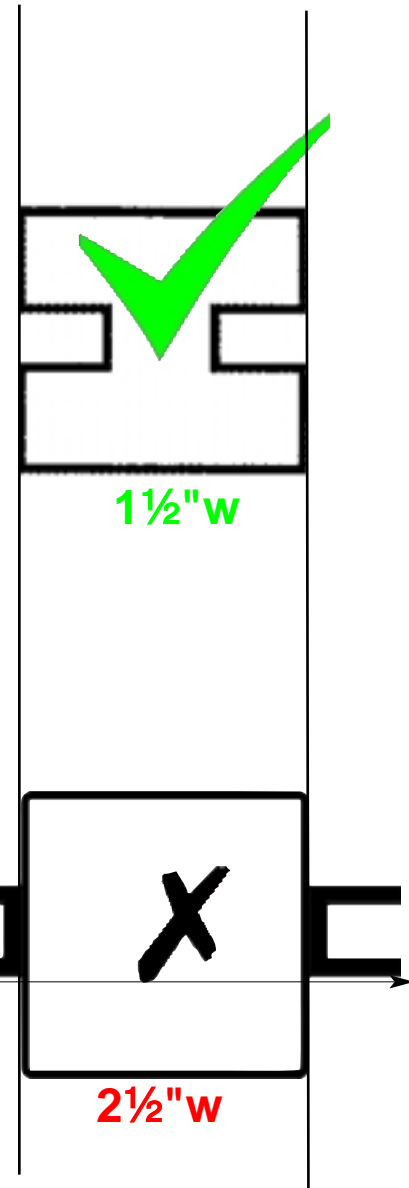

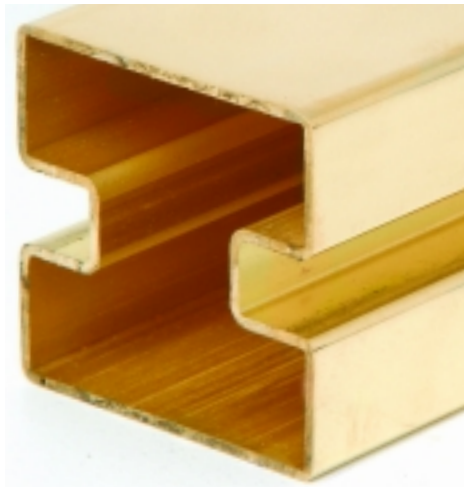

Compare Paneltube™ to clumsy square tube with applied channel.

**Compare!**

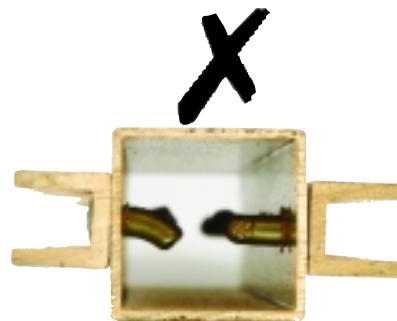

**Paneltube™** versus tube with external Channel & Clips.

**Paneltube™ Advantages**  
Narrow Profile  
Stronger  
Aesthetic Design  
Easier to Clean

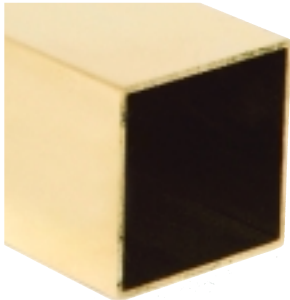

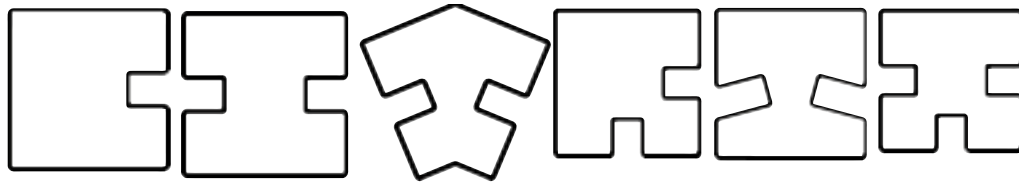

**Applied Channel Ugly and Unnecessary!**
